New Zealand Skills and Education College

New Zealand School of Education (NZSE) is now trading as New Zealand Skills and Education College.

Kia ora, hello, namaste, nǐ hǎo, talofa!

NZSE College is a leading provider of tertiary qualifications in IT and Business Technologies, Early Childhood Education, Health and Wellbeing, Security, Study and Career Preparation, and Vocational Pathways for Military Prep.

NZSE College academic programmes can transition you into higher education and university study or our applied learning programmes can train you to enter the New Zealand or global workforce with confidence. Those who have chosen us will tell you that support, friendship, good advice, and a whānau-like environment is a core component of studying at NZSE College.

With modern campuses across Auckland and in Waikato, whichever study and career path you choose you will be in safe hands.

Student welfare is our priority, and we aim to deliver practical experiences, connections into industry and internationally recognised qualifications. Our tutors and staff work tirelessly to meet the needs of all students and will have high expectations for your success. We are guided by principles that encompass a respect for all cultures, knowledge, and diversity.

We hope to see you and talk through your study and career aspirations soon.

Ngā mihi.

Our Vision

Transforming lives through the power of learning.

**NZQA Accredited

Why study in New Zealand

New Zealand is one of the world's best places to live and study. Discover our internationally renowned education system and unbeatable lifestyle. New Zealanders have a welcoming nature and an easy going attitude. A peaceful country, with a low crime rate, the two islands forming New Zealand are blessed with a natural beauty second to none, offering an amazing quality of life and work life balance. We are based in two major NZ cities: Auckland and Hamilton.

Auckland has been rated the third best city in the world in a recent survey measuring global quality of life. The annual report by Mercer is based on factors such as culture and environment, political stability, safety, infrastructure and ease of doing business. Auckland is a cosmopolitan hub of activity and business and is one of the most multicultural cities on the planet.

Hamilton is at the centre of one of the richest agricultural and pastoral areas in the world and is a major service centre for the Waikato region. Hamilton has a diverse economy and is the third fastest growing urban area in New Zealand. Education and research and development play an important part in Hamilton's economy, as the city is home to over 40,000 tertiary students. Hamilton's central business district is a bustling retail precinct with vibrant entertainment areas.

1st

New Zealand is ranked top country to study abroad and 1st in the world in preparing students for the future.

2nd *in peacefulness*

New Zealand ranked the second most peaceful country on Earth - 2019 Global Peace Index

Ranked top 3%

New Zealand is globally placed top 3% in Tertiary Education.

Our Credentials

Our Memberships

Our Pathway Partner Universities

Go further. Explore your study options at degree level or beyond after graduating from NZSE College. We have programme pathway agreements with two New Zealand universities for Information Technology. To find out more about how you could plan your academic journey and transition to university from NZSE College contact our Course Advisors.

AUT is the second largest university in New Zealand with campuses serving major parts of Auckland and an specialised high-performance sports institute. AUT has an excellent reputation for design, science, technology and research and has tech facilities that rival industry those in industry.

For more than 80 years, Massey University has helped shape the lives and communities of people in New Zealand and the world through its forward-thinking spirit, teaching, and research led methodology.

Code of Practice

NZSE College and Seafield School of English observe and are bound by the New Zealand Government's Education Pastoral Care of International Students, Code of Practice.

You can read more on our websites here:

nzse.ac.nz/student-support/student-resources#code-of-practice

seafield.ac.nz/student-hub/student-support#code-of-practice

Student Work Rights

International students enrolled in full time study with NZSE College are allowed to work part-time for up to 20 hours a week and full-time during all scheduled holidays. International students enrolled in full time study for at least 14 consecutive weeks or more with Seafield School of English can work part time during the period of their studies.

Visit www.immigration.govt.nz for more information.

Insurance

International students must have appropriate and current medical and travel insurance while studying in New Zealand. We can purchase your International Student Travel Insurance through our approved partner Southern Cross. Approximate cost (as of 2019): \$633 per year (pro-rata).

Student Support

Pre-Arrival Advice and Information

Leaving home can be difficult as much as it is exciting. We have valuable information and advice on our website before you embark on your academic journey, so you can have a smooth and hassle free transition to your higher studies as an international student.

Orientation

Our comprehensive orientation program is designed to welcome you and give you essential information so you can navigate your new environment, stay safe and succeed in your academic journey with us.

Pastoral Care

Embracing the diversity of our students, our friendly and approachable student support team is always available to help you achieve your academic and personal goals, both inside and outside of class.

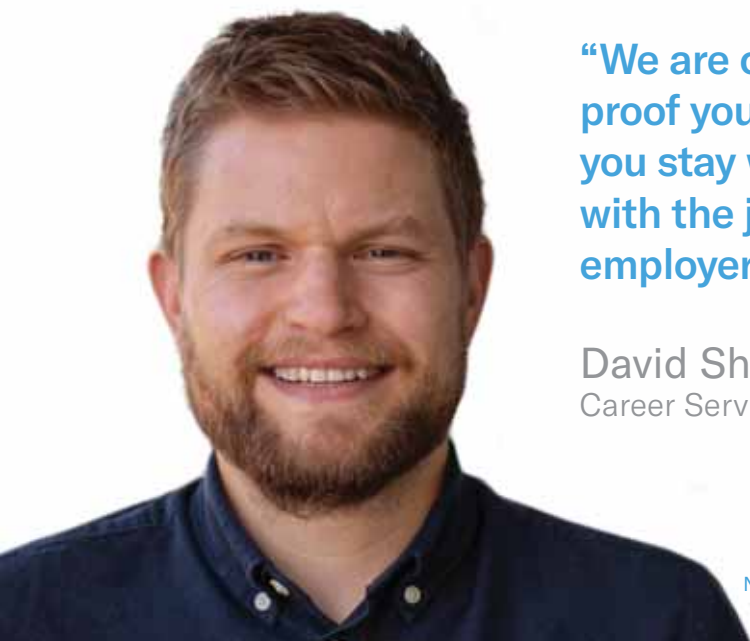

Social Activities

We encourage you to make new friends with other domestic and international students and enjoy a healthy social life. We have many events planned for you throughout the year.

Career Services

Our team vision is to support you in unlocking your career potential. We do this by helping you navigate your education and career journey through:

- One-on-one career coaching, including help and advice for your transition into part-time, full-time and casual employment
- Targeted employability workshops to fine tune your job ready skills
- Connecting you (students or graduates) with employers and industry for the latest labour market information

“We are committed to helping you future proof your career journey and ensure you stay work-flexible in today’s world with the job ready skills and experience employers are looking for.”

David Sharples
Career Services Manager

IT and Business Technologies

WELCOME TO THE NEXT WORLD

Take either your first steps towards a truly progressive career in IT and Business Technologies or expand on your knowledge and move your career up to where you want it to be.

The world has embraced technology at almost every human touch-point, from teaching and learning, news, media and entertainment, hospitality and retail, banking, analytics, finance, transportation and logistics, planning, construction and infrastructure, politics, augmented and virtual reality, the environment, space exploration, IoT (Internet of Things) and more. The possibilities are endless when you have the right knowledge behind you.

At New Zealand Skills and Education College we offer a comprehensive range of programmes that cover many aspects of IT and Business Technologies that can take you from a starting point to a global career in management or running your own tech business.

For whatever career path you're looking to take, you'll know that technology and business acumen will go hand-in-hand and the stronger your skills across these two disciplines, the greater your success will be.

Get certified, get employed or pathway to university study with our partner universities - AUT or Massey.

Highlights

- Scalable, global career options
- Gain real-world fundamentals
- Multiple areas to specialise in
- Gain international certifications
- Scholarships available

New Zealand's aging population is steadily increasing creating a demand for trained community workers and caregivers.

“Currently there are around 725,000 people aged over 65. By 2036 there will be more than 1.2 million people 65 or older. Combined with the low birth rate, this means seniors will make up almost a quarter of the total population.”

- NZ Government Minister Tracey Martin

Seafield School of English

- Category One Provider
- Approved LanguageCert (IESOL) Testing Centre
- Study pathways to universities and other programmes
- One-on-one tutoring
- After school activities

Seafield

SCHOOL OF ENGLISH

Category 1

Seafield School of English is a NZQA Category One accredited education provider and part of the New Zealand Skills and Education Group.

About Auckland

Auckland has been rated the third best city in the world in a recent survey measuring global quality of life. The Annual Report by Mercer is based on factors such as culture and environment, political stability, safety, infrastructure and ease of doing business.

There is a great variety of restaurants, hotels, fast food outlets and a number of 24 hour supermarkets. Overall, Auckland is an ideal environment for learning and personal development and provides a diverse range of things to see and do.

Activities

From trips to beautiful places in New Zealand to some after class entertainment out with friends, experience New Zealand life while you're learning English at Seafield.

General English

Our General English programme is designed for learners who wish to improve their English language skills at any level. Our courses are available from beginner to advanced.

(Maximum class size: 16 students - 20 class hours/week)

Standard Daytime classes	8.30am to 12.45pm Monday to Friday
Standard Evening classes and teacher-led tutoring	5.00pm to 9.30pm Monday to Friday

IELTS Preparation

Our IELTS preparation programme is designed for learners who wish to improve their English language skills for higher level studies or work in English speaking environments. **(Maximum class size: 20 students)**

LanguageCert (IESOL) Testing Centre

Seafield offers LanguageCert International ESOL (English for Speakers of Other Languages) exams. LanguageCert is designed for non-native speakers of English worldwide wanting to provide documented evidence of their knowledge of English, for study or employment. We run B2 Communicator tests and C1 Expert tests regularly. We also help students arrange Online Proctored examinations so they can take the examination in the comfort of their own home.

As an approved Test Centre we focus on exams that cater to International Students:

- Meets the English Language criteria to enter universities and polytechnics in New Zealand
 - **B2 Communicator, High Pass:** Entry into Level 5 qualifications
 - **C1 Expert, Pass:** Entry into Level 6 and 7 qualifications
 - **C1 Expert, High Pass:** Entry into Level 8, 9 and 10 qualifications
- LanguageCert International ESOL
- Separate Written Exams (Listening, Reading and Writing) and Spoken Exams (Speaking), leading to two separate certificates
- Focus on communication skills, i.e. little exam-specific preparation required
- Grammar and Vocabulary integrated in the Listening, Reading and Writing sections and not examined separately
- Each candidate examined individually during Speaking, so they can perform at their best
- Speaking exam conducted by a qualified Interlocutor, who does not do the assessment, to guarantee impartiality
- Speaking session recorded and marked by qualified LanguageCert Examiners at a later stage, to ensure possibility of re-marking

Fast results and certificates issuing:

- Results and e-certificate 10 days after the exam
- Hard-copy certificate shortly after results release
- Life-long certificate validity
- Practice tests available on LanguageCert website for candidates and see what other support material is available
- LanguageCert IESOL exams are accepted by NZQA for the purpose of fulfilling English-language requirements for entry to programmes at levels 3 and above on the NQF (National Qualifications Framework).

Language
Cert

NZ Certificate in English Language (Academic) | Level 4

This programme aims to provide students with the language competency in academic contexts which will enable their pathway to further tertiary study. It sets out to further advance the students' skills of speaking, listening, reading, writing and critical thinking and develop the students' confidence and study skills that will enable them to undertake independent learning at the tertiary level and pathway to further tertiary study.

(Maximum class size: 25 students - 20 class hours/week, 17.5 self-directed hours/week)

What Will I Learn?

- Learn how to listen, read, write and speak in English in academic contexts
- Get the language and study skills to succeed in academic study
- Study five English for Academic Purposes Unit Standards and gain credits towards meeting University Entrance literacy requirements
- English language scholarships available
