LETTER FROM THE PRESIDENT

Durham College is home to the very best faculty and employees. They bring the work world into our classrooms, and their impact on your learning and professional growth, and connections to industry, are far reaching. Whether you want to begin your academic career or further your studies, we will provide you with the education you need to succeed.

The college has a history of preparing students with the right skills, knowledge and a passion for advancing ideas and demonstrating excellence. Our graduates help employers innovate and achieve success. In fact, according to the 2018-2019 Key Performance Indicator (KPI) survey, employers who have hired Durham College grads report a satisfaction rate of 93.9 per cent.

From our progressive, market-driven programs to our inclusive support services, Durham College is helping to reimagine what post-secondary education looks like in a way that pivots and adapts to what is needed, while teaching our students how to do the same in these ever-changing times. We're not just putting the student experience first at Durham College – we're reinventing it.

Together, we're leading the way by continuing to focus on excellence in teaching and learning. We offer more than 140 high-quality programs taught using state-of-the-art equipment on our modern and picturesque campuses. All contribute to enhanced, applied learning experiences for our students. We know choosing to study abroad is a big decision. Durham College will support you in finding fulfilment in education, employment and lifelong learning. The entire college community is committed to making your transition as seamless as possible and providing you with a true Canadian experience, where you will meet fellow students from Canada and around the world. I hope to see you here in the near future, so you can discover for yourself why students from around the world choose to call Durham College home.

Regards,

Don Lovisa
PRESIDENT

MESSAGE FROM THE INTERNATIONAL EDUCATION OFFICE

My name is Marianne Marando and I am the Associate Vice President, Academic (Enrolment and International Education) at Durham College – also known as DC.

Our Oshawa and Whitby campuses are home to over 2,400 international students from more than 72 countries around the world. International students, like yourself, have chosen DC as their home away from home for a few reasons.

First, DC is known for its exceptional market-driven programs that enable students to develop career-ready skills, preparing them for an ever-changing job market. You'll study in state-of-the-art labs and facilities, and experience dynamic real-world learning, led by experienced faculty, through field placements, applied research, co-ops and other hands-on opportunities.

Secondly, DC has a strong student support team committed to providing you with the assistance needed to study and be successful in Canada. We understand how scary it can be to leave your home to study in a new environment, but we promise that we will be here to help every step of the way.

Our International Education team will reach out to you before you even arrive in Canada, to ensure a smooth transition as you become a part of our DC family. When you arrive in Canada, we will be here to connect you to the appropriate DC student supports and answer any questions you might have about housing, immigration, finances, and academics. Everyone at DC cares deeply about your success.

Finally, international students come from all over the world to study at DC because of our strong community. The International Education office at DC works very hard to ensure you feel supported, connected and a part of our DC family while you're here.

We connect our international students with each other, as well as other DC classmates, industry and community, to create a strong support network so that you will graduate not only with the skills and knowledge you will need, but with a network of people who will help you kick-start your career.

Studying abroad is a big decision and we will support you along that journey. I hope you choose Durham College for your future post-secondary studies, and look forward to seeing you in our hallways next year.

In the meantime, if you have any questions, feel free to reach us at international@durhamcollege.ca.

Regards,

Marianne Marando
ASSOCIATE VICE PRESIDENT, ACADEMIC (ENROLMENT AND INTERNATIONAL EDUCATION)

STUDYING AND LIVING IN CANADA

With a population of more than 37 million people, spread across 9,984,670 square kilometers (3,855,103 square miles) Canadians are as diverse as the country's geography. From ocean and mountain living on the west coast, to a blend of rural and urban cityscapes in Central Ontario, to the Maritimes in the east, Canada is home to many cultures from around the world.

As an international student studying in Canada, you will experience safe and welcoming communities. Known for being friendly and fun-loving, Canadians are passionate about their country. Canada is also consistently ranked as one of the world's top places to live by the United Nations.

The Canadian educational difference

Studying abroad offers benefits from both a **personal and educational development** standpoint. In addition to the value of **experiencing another culture**, the college system in Canada is well-established and designed to **help students succeed**. Canadian-earned qualifications are **valued around the world**.

It's also cost-effective to study in Canada, with **tuition rates considerably lower** than many other countries.

As an international student studying in Canada, you will have the opportunity to work both on and off-campus, allowing you to earn while you learn. Upon graduation you can also apply for a **post-graduate work permit** to gain valuable **work experience** in Canada.

<https://www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/work/work-off-campus.html>

DID YOU KNOW?

- 31% of Canada is taken up by forests.
- 42% of the Canadian population has a higher education qualification.
- 90% of Canadians live within 100 kilometres of the United States border.
- Canada has more lakes than any other country.
- Canada is bilingual with both English and French as its official languages – bonjour!
- Canada is the second largest country in the world by land mass.
- One in five Canadians were born outside of the country.
- There are 1,453 airports in Canada.

GET TO KNOW DURHAM COLLEGE

At Durham College, we're leading the way. Year-over-year the college continues to grow and in September 2020, we will welcome more than 30,000 students including more than 13,600 full-time post-secondary and apprenticeship students, and more than 2,400 international students, plus part-time and continuing education students and online learners.

Our programs

The college offers more than 140 market-driven programs in a number of different disciplines including:

- Business
- Culinary
- Emergency services
- Engineering technology
- General arts
- Health
- Horticulture
- Hospitality
- Information technology
- Justice
- Media, art and design
- Science
- Skilled trades
- Tourism

All of these programs enable students to develop the skills required to meet the demands of today's job market.

Durham College offers these programs at its two locations within Durham Region – the Oshawa and Whitby campuses.

“Studying at Durham College allows for a healthy balance between academic and social life. Transit between campuses, in the general area and even to downtown Toronto, was accessible and very easy to navigate. Getting off campus and exploring was always an adventure and really made my Canadian experience a great one.”

Camily Lovell from Bermuda
Addictions and Mental Health graduate

FUN FACTS

The Centre for Collaborative Education is a multi-level, 75,000-square-foot-facility that prioritizes the student experience in all aspects of its design and function. Along with abundant collaborative learning and social spaces, it holds industry-grade, cutting-edge labs, entrepreneurial and maker spaces, and inclusive learning environments, which bring together local, Indigenous and global communities in innovative ways.

Oshawa campus

In addition to modern learning labs, classrooms and facilities, Durham College’s Oshawa campus is a hub of activity that makes for a very interesting campus life:

- Enjoy good eats at one of 28 food service locations.
- Stay fit and enjoy yourself, on your own or as part of a team, at the state-of-the-art Campus Recreation and Wellness Centre.
- Take advantage of the wide range of support services, including career counselling and academic assistance, available at the Student Services building.
- Get involved with Durham College Students Inc.’s (DCSI) many events and campus clubs.
- Relax at the Student Centre, which includes a student lounge, dining options, DCSI lounge and outreach services, and Esports Gaming Arena.
- Amazing student support services are offered by the Office of Student Diversity, Inclusion and Transitions, and Student Academic Learning Services.

Whitby campus

Conveniently located in one of Canada’s fastest-growing communities, the Whitby campus supports a diverse student population and offers modern, up-to-date learning facilities in a relaxed and spacious atmosphere:

- Participate in hands-on learning opportunities using state-of-the-art software and modern industry equipment at the award-winning Skills Training Centre, which is currently undergoing a 60,000-square-foot expansion to further increase our industrial skilled trades training capacity and create more opportunities to participate in applied research projects to advance innovation and knowledge.
- Experience the field-to-fork concept in action at the W. Galen Weston Centre for Food (Weston Centre). This unique horticultural, culinary, hospitality and event planning hub offers Bistro ‘67, a full-service teaching-inspired restaurant, and Pantry, a unique retail store featuring student-created foods.
- Stroll through the beautiful gardens, greenhouses or orchards, which are planted, cultivated and harvested by Weston Centre students.

WHY CHOOSE DURHAM COLLEGE?

Preparing graduates for employment

At Durham College we offer relevant, engaging and industry-focused teaching and learning. Our aim is to enhance your education with real-world experiences so you're prepared to meet the demands of a complex and changing economy and world, giving you a competitive edge when applying for employment. Durham College consistently achieves excellent graduate employment rates.

“

“I really enjoy my program because of the depth of learning. This is especially the case with my shop class since the best way to get a better understanding is with hands-on practice.

I also have a great professor who is very knowledgeable and has a great sense of humor. He always keeps his students amused with his stories, which also keeps our interest in the learning materials.”

OVER HALF

OF ALL OUR PROGRAMS INCLUDE CO-OP OPTION, FIELD
PLACEMENTS OR INDUSTRY-BASED PROJECTS

Industry-based programs

Our programs are continually shaped by market needs through Program Advisory Committees (PAC). More than 1,000 local industry and business leaders sit on 80 PACs, which means Durham College can tap into participant expertise to ensure our programs are current and aligned with industry trends. Our programs are also delivered by expert teachers with real-world experience.

Supported student experience

We aim to make your international student experience an amazing one. You will be supported from the moment you arrive, through a range of services including: arrival and accommodation assistance, international orientation, academic learning support, health and well-being services, career services, sports and clubs, accessibility supports and much more. You can also participate in a variety of organized events and activities on campus to make new friends.

Experiential learning

Receiving training in your chosen field before you graduate is an excellent way to gain valuable skills and first-hand experience. Durham College offers placements in a number of our programs, where students work at a business or organization in their chosen field for a set period of time.

Students have the opportunity to:

- Practice and integrate the skills and knowledge acquired in their program.
- Gain valuable Canadian work experience.
- Develop the ability to meet deadlines and problem-solve.
- Learn time management skills.
- Learn how to adapt behaviour in response to professional feedback.

Research at Durham College

Research is at the heart of what Durham College does as a post-secondary institution. The college's Office of Research Services, Innovation and Entrepreneurship is responsible for driving innovation and, since its inception in 2009, has created a strong applied research agenda for Durham College, which sees us frequently named one of Canada's top 50 research colleges.

- Applied research funding received in 2018-2019: \$1,782,558.
- Fifty-three projects received research funding in 2018-2019 that involved 89 students, 23 faculty and staff members, four research associates and one external research assistant.

Entrepreneurial spirit

Durham College provides students with access to FastStartDC, an entrepreneurial training partnership offered in collaboration with universities across Ontario, that is designed to help students increase their entrepreneurial awareness and skills and help them turn business ideas into successful companies.

ADMISSION REQUIREMENTS

Admission requirements vary by program. Please visit your specific program page at www.durhamcollege.ca/programs for information on the admission requirements for your program.

For specific country admission information please visit <https://durhamcollege.ca/info-for/international/study-dc/admissions/country-admission-information>

ENGLISH REQUIREMENTS

Students must also demonstrate English language proficiency. To find out which tests are accepted and the score required for acceptance, visit

www.durhamcollege.ca/info-for/international/study-dc/admissions/english-language-requirements

Check with your local Canadian Embassy, Canadian High Commission Office or at www.cic.gc.ca to find out which test is accepted for a study permit in your country.

PROGRAMS AND ACADEMIC SCHOOLS

We offer more than 140 full-time programs and are committed to relevant, engaging and industry-focused teaching. Our aim is to enhance your learning with real-world experiences to make you job-ready and highly employable.

TYPES OF DURHAM COLLEGE CREDENTIALS

□ Certificate, diploma and advanced diploma programs

- **Certificate:** Study for one year (two semesters) and receive a certificate at the end of your studies. A certificate will allow you to enter the workforce in an entry-level position.
- **Diploma:** Study for two years (four semesters) and receive a diploma at the end of your studies. A diploma will allow you to enter the workforce in an entry-level position.
- **Advanced diploma:** Study for three years (six semesters) and receive an advanced diploma at the end of your studies. You will receive an extra specialization in your third and final year of studies that will allow you to apply for a more managerial position. Most advanced diplomas have field placements at the end of the program.

■ Degree

- Study for four years and receive a bachelor degree at the end of your studies. A fourteen week field placement is required. A bachelor degree, combining theory and practice, will allow graduates to enter the workforce and/or continue their studies at the graduate level.

■ Graduate certificates and compressed fast-track programs

- **Graduate certificate:** Study for one year (two semesters) or one and a half years (three semesters) and receive a graduate certificate at the end of your studies. Individuals who are interested in expanding on their previous post-secondary education qualify to apply for a graduate certificate program at Durham College. You will be able to study a program that complements your past education and therefore you will be able to seek a higher job position within your industry. Individuals with two to three years of in-field work experience may also qualify for a graduate certificate at Durham College.
- **Compressed fast-track:** Fast-track programs are designed specifically for applicants with past education and present a unique opportunity to complete diploma requirements in fewer semesters.

SCHOOL OF HOSPITALITY & HORTICULTURAL SCIENCE

The School of Hospitality & Horticultural Science is housed at the college's Whitby campus, within the W. Galen Weston Centre for Food (Weston Centre) is Durham Region's first-ever post-secondary presence focused on the field-to-fork concept. Field-to-fork is based on the harvesting, storing, processing, packaging, sale and consumption of food – in particular the production of local food for local consumers.

Durham College has adopted this concept and applied it to a diverse range of programs that crossover traditional academic schools with the curriculum, faculty expertise and equipment required to implement field-to-fork, built into several of the college's programs. The Weston Centre is also home to a number of hospitality-focused programs from Culinary Management to Horticulture – Food and Farming. Whether you want to be in the kitchen, or in the field, the Weston Centre has you covered.

“The Weston Centre for Food gives me the opportunity to learn industry-standard practices. Also, having teachers who are in the hospitality industry gives me a chance to network and further my options to secure employment post-graduation.”

Luca Coceancigh from Italy
Hospitality – Hotel and Restaurant Operations Management graduate

SCHOOL OF BUSINESS, IT & MANAGEMENT

The School of Business, IT & Management offers job-ready training in a variety of professional business, information technology (IT) and management areas including accounting, marketing, computer programming and systems, human resources, data analytics for decision making, information systems security, international business management, and project management.

Many of the programs offer an option for a one-year certificate, two-year diploma or three-year advanced diploma including field placements and pathway options with Ontario Tech University. Many programs offer co-op or field placement opportunities.

SCHOOL OF SCIENCE & ENGINEERING TECHNOLOGY

The School of Science & Engineering Technology (SET) offers innovative diploma programs for students interested in pursuing a career in a science or engineering field as well as the Honours Bachelor of Health Care Technology Management.

The program mix offered by SET is broad, including but not limited, to civil and mechanical engineering, architecture, biotechnology and electronics engineering with six compressed fast-track programs for university graduates to enhance their technical and practical skills. Offerings support current emerging technologies such as 3D rapid prototyping, ultrasonic testing, DNA manipulation and Arduino microprocessors.

SCHOOL OF MEDIA, ART & DESIGN

The School of Media, Art & Design (MAD) educates students for careers that a lot of people want.

MAD students use their skills and creative talents to collaborate with community groups and not-for-profit organizations and make a positive contribution to the culture and economy of this region. By helping partners achieve their goals, students understand how classroom learning can be applied to real projects, outside of the college.

Our MAD learning environment is enriched by its close proximity to galleries, museums and studios in Oshawa, Whitby and Toronto. MAD students learn to combine their professional education with the entrepreneurial skills needed to build a successful career in Ontario's vibrant culture sector.

MAD grads use their creativity to make a real contribution at work, in their communities and in their own lives.

“With the Advertising – Digital Media Management program I am gaining first-hand industry insight. The specialized experience of my professors and the assignments are helping me a lot to prepare for the work environment. The in-class activities help to build up team-work and makes class more fun to learn.”

Linda Daisy Paul from India

Advertising – Digital Media Management graduate

SCHOOL OF HEALTH & COMMUNITY SERVICES

Programs related to health and community services have been offered at Durham College since the 1970s. The school is multidisciplinary, currently offering programs that span healthcare, wellness and health promotion and community and social services.

Students have access to state-of-the-art learning facilities including the Dental Clinic, a living lab, and a 42-bed mock hospital for nursing students. Multiple intakes are offered throughout the year as well as a field placement or practicum to prepare students for the workforce.

FUN FACTS

The Intraprofessional Simulation Lab is fully equipped with high-fidelity mannequins providing students with real-world scenarios to manage healthcare across the lifespan.

SCHOOL OF JUSTICE & EMERGENCY SERVICES

Programs in the School of Justice & Emergency Services address both the civil and enforcement aspects of the justice system, as well as emergency services professions. Students studying programs in any of these fields should be willing to serve to ensure public health and safety, and to support the judicial system.

The school comprises approximately 1,500 full-time students supported by 150 full and part-time faculty and staff members. The school offers four undergraduate and five graduate programs, many of which offer bridging opportunities to university credentials. Students benefit from our on-campus fire hall, fire safety lab, specialized software lab and mock courtroom as well as our integrated community partnerships.

“Enrolling in the Paralegal program at Durham College has been one of my best decisions so far. Having the support and guidance of the teachers, be it with assignments, tests, or mock trials, it’s clear to see that the faculty work very hard to inspire students to succeed.

My goal once I graduate is to work in small claims court and take on cases related to resident and landlord tenancy as well as traffic ticketing cases.”

Samiksha Negi from India
Paralegal graduate

SCHOOL OF INTERDISCIPLINARY STUDIES

The School of Interdisciplinary Studies is a diverse school that offers the pre-health science and general arts and science certificate programs. Additionally, the school delivers communication and general education elective courses to programs across the college.

The pre-health science pathways prepare students for further studies in nursing or other health disciplines. The general arts and science programs are open-enrolment, preparatory studies programs for students who wish to further their education at college or university in the liberal arts or sciences but need to acquire the necessary courses or raise their grades for admission. Both the pre-health science and general arts and science programs focus on strengthening mathematics, science, communication and computer skills, for academic/career pathways in specific college and university programs.

“The General Arts and Science program has given me the confidence and clarity in the career path I have always wanted to take. It’s a program that caters to all – those who are uncertain and those who are certain of what they want to do. I would highly recommend it because it not only opens up many opportunities, it also gives you the foundation for a great career.”

Faith Nyambura Mureithi from Kenya
General Arts and Science graduate

SCHOOL OF SKILLED TRADES, APPRENTICESHIP & RENEWABLE TECHNOLOGY

The School of Skilled Trades, Apprenticeship & Renewable Technology offers programs that open doors for students in the skilled trades. Housed at the Whitby campus, students have access to state-of-the-art labs to train and prepare for both apprenticeship and post-secondary opportunities. Popular areas of study include automotive, building construction technician, electrical, elevating, plumbing, millwright and welding.

FUN FACTS

There are two residential labs at the Whitby campus – a house built in the 1970s and a new home. This allows students to compare old and new construction techniques, HVAC systems and electrical installations.

Students studying in specific programs have the opportunity to train on mobile crane and welding simulators, providing them with additional practice time before heading into the field.

RECOGNIZED ENGLISH LANGUAGE PARTNER SCHOOLS

English Language Centre (on campus)

Housed on campus, the English Language Centre (ELC) operated by Ontario Tech University provides language pathways for students who meet the academic requirements for admission to Durham College but require additional English language training. Qualified students will receive conditional admission to their Durham College diploma, degree or certificate program at the same time as they receive admission to the ELC.

Benefits of studying at the ELC:

- Six levels to develop the competencies needed for academic programs at Durham College.
- Out-of-class learning activities.
- English-only environment.
- Conversation groups, cultural and social activities, optional field trips and activities.
- Academic and cultural orientation week for all new students.
- Seven weeks (175 hours total) for each level.
- Twenty-five hours a week minimum.
- Classes with a maximum of 14 students.
- Six start dates offered every year.

You will be placed according to the results of the placement test performed at the ELC upon your arrival.

For more information, please visit: www.durhamcollege.ca/elc. Contact us at 905.721.2000 ext. 2355 or international@durhamcollege.ca.

PRE-EAP → EAP-1000 → EAP-2000 → EAP-3000 → EAP-4000 → EAP-5000 → EAP-6000

How students transition to Durham College:

- EAP- 4000: When students successfully finish EAP-4000, direct entry to most diploma, degree and certificate programs.
- EAP- 5000: When students successfully finish EAP-5000, direct entry to Durham College graduate certificate programs.
- EAP- 6000: When students successfully finish EAP-6000, direct entry to the Practical Nursing and Communicative Disorders Assistant programs.

SEAMLESS APPLICATION PROCESS AND TRANSITION TO DURHAM COLLEGE:

STEP 1. Apply using our application portal at www.durhamcollege.ca/intapp.

STEP 2. Receive a Conditional Letter of Acceptance for your Durham College program.

STEP 3. Receive your Letter of Acceptance for your ELC program.

STEP 4. Study at the ELC and pass the appropriate English for Academic Purposes (EAP) level.

STEP 5. BEGIN YOUR STUDIES AT DURHAM COLLEGE.

DOLLARS AND CENTS PAYING FOR COLLEGE

Approximate living costs*
for one year in Oshawa, Ontario

ALL COSTS IN CANADIAN DOLLARS. 🇨🇦

(CLOTHING/ENTERTAINMENT/MISCELLANEOUS)

Additional costs to take into consideration include:

laptop and software (if required by program); mobile phones; calling cards; extracurricular activities; winter clothing; travel home; and visa renewal fees.

Note: Costs are not guaranteed and vary according to each student's needs and spending habits.

**Off-campus housing may require an initial deposit fee.*

Once you arrive in Canada, finances should be the least of your worries. It is important to know the costs and plan ahead so that you don't find yourself short of money while at school.

LAPTOP LEARNING

Students enrolled in laptop programs enjoy an exceptional learning experience and gain the advanced technical skills and knowledge that employers look for in graduates.

How laptop learning works:

- Please see the program charts beginning on page 15 to 23 to see if your program requires a laptop computer.
- Check your specific program page at www.durhamcollege.ca/programs for hardware and software requirements.
- Buy your own laptop including all of the hardware and software requirements.

Note: Some software may be included in tuition fees for some programs. Please ensure that you are required to buy software before making a purchase.

SCHOLARSHIPS

International students commencing programs at Durham College will be eligible for a variety of scholarships that can help offset the cost of your studies. The awards are open only to new full-time international students in their first program of study at Durham College.

English proficiency entrance scholarships

AWARD UP TO C\$1,250	AWARD UP TO C\$2,000
Grade 12 English final of 80%**	Grade 12 English final of 85%**
CAPE - Grade 2	CAPE - Grade 1
CSEC (CXC) - Grade 1	
A Level - Grade B	A Level - Grade A/A*
O Level - Grade A/7	O Level - Grade A*/8 or 9
BGSCE - Grade A	
B2 WAEC	A1 WAEC
KCSE - Grade A-	KSCE – Grade A
Academic IELTS 7.5	Academic IELTS 8.0
TOEFL (IBT) 102	TOEFL (IBT) 110

UCE – Grade 1	

***English Language Proficiency results must be submitted at the time of application and fees must be paid by the deadline shown on letter of Acceptance to be considered. University level English results are not considered for scholarships.**

****Grade 12 English grade will be considered if from a Canadian or U.S.A. curriculum only.**

Award and scholarship amounts and qualifications are subject to change.

Academic excellence scholarships

Students who achieve academic excellence in their program of study may be awarded an in-course scholarship valued up to \$1,000 CAD. Recipients are invited to an awards ceremony to celebrate their achievements.

Bachelor’s degree entrance scholarships

There may be scholarship opportunities for international students studying in a Bachelor’s degree program at Durham College.

WORK OPPORTUNITIES

All students should plan to come to Durham College with enough money to finance their studies. However, if you find yourself wanting to enjoy activities outside of your studies, you can earn some extra money through several work programs.

On-campus

Part-time job opportunities are available on campus for international students through the Durham College IWorks program, a work-study program for international students, or as part-time contract staff through on-campus vendors.

Off-campus

While attending college in Canada, international students are permitted to work off campus. Details about off-campus work opportunities available while on a study permit can be found at www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/work/work-off-campus.html

Our Career Services team can help you find employment. They offer assistance with job searching, resumé writing, and interview skills, and host a part-time job fair on campus each year.

“I received the International entrance scholarship from Durham College in recognition of scoring well overall in the International English Language Testing System test. The scholarship helped me to purchase all of my textbooks and supplies and also allowed me an opportunity to explore the beauty of Canada.”

Riana Costa from India
Accounting – Business Administration graduate

THE STUDENT EXPERIENCE AT DURHAM COLLEGE

Being a Durham College student means you will have access to unique services that have been designed to help meet your academic and social needs.

Note: During the COVID pandemic, most services and activities are offered virtually.

Hub for Applied Research in Artificial Intelligence for Business Solutions (the AI Hub)

The AI Hub at Durham College offers small and medium enterprises (SMEs) a much-needed access point to the rapidly growing field of artificial intelligence, providing them with valuable business solutions and resources. This also allows students and alumni the opportunity to work with researchers and projects leads on applied research projects using state-of-the-art facilities and platforms.

www.durhamcollege.ca/theaihub

Durham College Students Inc. (DCSI)

As Durham College's student association, DCSI plays an active and important role in the interest of all students. DCSI is responsible for a wide range of services for students such as administration of the student health insurance plan, providing outreach support services, including access to the foodbank and a free legal aid clinic for students in need, and engaging students with a variety of multi-focused and multilingual programming on Riot Radio; our visual radio station. DCSI is a key voice in providing advocacy support for students.

The student association supports numerous student clubs and activities on campus with promotions and funding. These clubs represent a world of diversity and offer opportunities to develop leadership skills while socializing. DCSI collaborates with our International Education office and the Office of Diversity, Inclusions and Transitions to ensure events are representative for all students.

www.dcstudentsinc.ca

Riot Radio

Riot Radio, offered through Durham College Students Inc. is an Internet-based, visual radio station. Located in the Gordon Willey building at the Oshawa campus its full-time staff can train and guide you to on-air success while offering volunteer opportunities (by audition).

www.riotradio.ca

Social and restaurants

There are many food options on campus and around the college which include vegetarian and halal options. There are also many meeting places for students on campus.

Campus Recreation and Wellness Centre

Maintain an active lifestyle at the Campus Recreation and Wellness Centre (CRWC), which contains:

- Five gymnasiums for basketball, volleyball, badminton and other indoor sports.
- A large fitness centre featuring cardio equipment and free weights.
- Three fitness studios for aerobics, dance and spin classes.
- A baseball/cricket field.
- An elevated indoor walking/jogging track.
- An athletic therapy centre.
- A multi-purpose lounge.

Other facilities include Campus Ice Centre, Campus Fieldhouse and softball and soccer fields.

During your time at Durham College you can join one of our many intramural sports teams to have fun, meet friends and stay in shape. You can choose from basketball, cricket, ice hockey, soccer, volleyball, touch football and many more.

GET INVOLVED, MEET FRIENDS

FUN CAMPUS EVENTS

The college calendar is filled with fantastic events for our students. Below are some campus favourites!

Orientation Week

Designed to help new students acclimatize to college life, meet college employees, explore student services (many of which are open extended hours) and most of all, enjoy the college's Oshawa and Whitby campuses. Orientation Week will provide you with an opportunity to learn about program expectations as well as student clubs and societies, all while making new friendships.

Activities may include: International Student Orientation, Program Orientation, Fun Fair, Fieldhouse Yoga, Opening Prayer/Smudge, Cedar Tea and Bannock, Campus Cup pep rally and game play, Whitby Campus Welcome BBQ, Drive-in Movie, and more. Orientation Week ends with the annual CampusFest concert, where well-known headlining acts take centre stage.

Job Fair

Spend some time exploring your future career and meeting with potential employers during Durham College's annual Job Fair. In 2019 more than 75 companies were on-hand to speak with students.

Pangaea

Pangaea celebrates the diverse cultures on campus with delicious cuisine and entertaining student performances from around the world. The event is open to all students, staff and faculty at Durham College and Ontario Tech University and is completely free!

DC Talks: Alumni Series

Every year Durham College alumni come back to campus to share their experience of moving from college to career as part of the DC Talks: Alumni Series. Students can ask questions of the alumni guests as they provide guidance to those who are about to embark on their own career paths.

WE'RE HERE TO HELP

“The career services team helped me take the first step in establishing my career. The staff helped me with my resumé and guided me through the whole process of potentially finding my dream job.”

Dilteg Singh from India
Mechanical Engineering Technology graduate

STUDENT SUPPORT SERVICES

The success of our students both in and out of the classroom is incredibly important, which is why there are a number of student services available.

Student Services building

Durham College's Student Services building at the Oshawa campus reinforces our commitment to the student experience by offering one of the most comprehensive and all-encompassing service facilities in the province of Ontario. The facility creates a vital first point of access for potential applicants, current students, and graduates with multiple services such as Student Academic Learning Services and the Career Development office all under the same roof.

Career Development office

The Career Development office has a team of coaches ready to assist, guide and encourage students and graduates with their career research and planning and the entire job search process – from resumé writing to interview skills. Students benefit from exclusive access to the college's Hired portal where they can view job postings, explore on-campus employment opportunities and register for career-related events and employer recruitment sessions. Graduates of Durham College have lifetime access to services through the Career Development office.

careerdevelopment@durhamcollege.ca
www.durhamcollege.ca/careerdevelopment

Co-operative Education (Co-op) office

Co-op is a model of education that integrates a student's academic learning with workplace learning in fields relevant to the student's academic and personal goals. Similar to an academic course, work terms are a mandatory component to this form of experiential learning. Services are available and supports are dedicated to co-op student success.

Co-op provides students in identified programs with the opportunity to gain paid work experience and apply in-class learning while exploring their chosen field through a planned sequence of academic semesters and at least one work term (this varies by program). Programs with co-op options require prospective students to first apply to the regular program and once they become Durham College students, they may apply to transfer to the co-op option of their program during their first year of study. Enrolment in co-op is limited and the processes for securing a work term with an employer are competitive.

International students should note that by entering the co-op option of a program it may extend the overall duration of their program and therefore create the need for an amendment to their study permit which does have a cost attached. International students must meet with the International Education office to receive instruction and documentation to apply for a co-op work permit to ensure that their status in Canada is valid at all times.

co-op@durhamcollege.ca | www.durhamcollege.ca/co-op

Office of Student Diversity, Inclusion and Transitions

The Office of Student Diversity, Inclusion and Transitions (OSDIT) understands that a student's success requires that they feel healthy, included and supported both academically and socially. The services and initiatives offered through OSDIT have been designed to ensure student success from the moment a new student sets foot on campus through to their convocation. Our programs and services include: Orientation and transitions programs for first-year students; student leadership opportunities; support for first generation students; health promotions programming to support student wellness; the First Peoples Indigenous Centre; information and referral services; training and education; advocacy and advisory support; as well as diversity events and activities.

diversity@durhamcollege.ca | www.durhamcollege.ca/diversity

Access and Support Centre

The team at the Access and Support Centre (ASC) works in partnership with students and faculty to provide full opportunities for academic success. They are committed to providing friendly and confidential services for students who are temporarily at risk or have been identified with an exceptionality such as a physical condition, chronic illness, learning disability, vision or hearing impairment, Autism Spectrum Disorder or mental health disorders, among others, to ensure inclusive and accessible learning environments on campus.

ACADEMIC SERVICES

Academic and learning support

If you are having difficulty with assignments and coursework there are a range of services to help you reach your full academic potential. Student Academic Learning Services (SALS) provides drop-in or group peer tutoring, science, math, accounting, English-as-a-second language, and referencing skills support. You can attend workshops, tutorials and have one-to-one staff appointments. Our team of academic coaches will support you to reach your goals and we can help you to develop an academic support plan. All services are included in your fees. SALS ONLINE, your virtual support, provides you with more than 1,000 resources to support learning. Learn how to study smarter and achieve your goals!

sals@durhamcollege.ca | www.durhamcollege.ca/sals

Coaching and Support Centre

Coaching is a complimentary service offered to all first-year students to help you make the transition to a college setting. The coaching relationship is a one-on-one partnership driven by the student and based on a collaborative, personalized approach to maximize your potential as a member of the Durham College community. Coaches will assist you with exploring and expanding your potential while identifying your strengths so you will be successful while you are here.

STUDENT WELLNESS

Campus Health Centre

A happy and healthy campus community is very important. As a Durham College student, you have access to the Campus Health Centre (CHC), which provides the highest level of healthcare to students. Our mission statement is the student's health experience comes first. The CHC includes a medical clinic where you can be seen and treated by physicians and nurses. It also houses a pharmacy, Fit4sport (chiropractic and physiotherapy) and a naturopathic doctor. The Mental Health Services team has grown this year to include three mental health nurses and access to a psychiatrist via new technology (personal computer videoconferencing). A mental health nurse is also available at the Whitby campus. Our support staff are amazing. Just call or visit us in the Campus Recreation and Wellness Centre in Room G1030.

healthcentre@durhamcollege.ca
www.durhamcollege.ca/campushealthcentre

“The ESL program has been a good experience for me. It has helped me become more comfortable in Canada since I did not speak the local language and needed help learning how to communicate in English. The instructors worked with me to improve my speaking, reading, grammar and writing. I also worked with an advisor who has helped me in my schooling and different activities on campus and off to adjust more easily into Canadian culture and the school system.”

Stéphane Ahanda from Cameroon
Water Quality Technician graduate

Advising

The International Education office is open Monday to Friday for in-person and virtual support. Visit www.durhamcollege.ca/international for details of how to contact us. You can receive advice regarding working in Canada, extending your study permit, finding housing, inviting family and friends to visit you in Canada, or how your health insurance works. We are also available to help you with your transition to Canada and Canadian culture.

Located in the Student Services building, the International Education office is focused on providing services for international and internationally-minded students alike.

You can find assistance with:

- Applying to Durham College.
- Information about working and studying in Canada.
- What you need to know about health insurance, income tax and social insurance numbers as an international student.
- Social activities to make friends.
- Career development workshops.

“

“The International Education office has been a great support since my arrival in Canada. Being an international student, I had to take English as a second language, which gave me a great opportunity to meet the International team. They have always been there for me to answer any kind of question that I might have. They helped me through the process of choosing my courses and changing my program. They always encourage me no matter the situation.”

Falonne Mwenze from the Democratic Republic of the Congo
Finance – Business graduate

FREE * **AIRPORT PICKUP**

*AVAILABLE TO STUDENTS ARRIVING WITHIN 14 DAYS PRIOR TO THE BEGINNING OF THE SEMESTER AND WITHIN THE FIRST 10 DAYS OF CLASSES.

Arrival services

Starting from the moment you step off the plane, we are here to guide you through your new educational experience. Our college's mission is the student experience comes first and we take that mission to heart.

Our arrival services include:

- Free airport pickup.
- Assistance with arranging temporary accommodation.
- Assistance with finding long-term accommodation.

International Student Orientation

Ensure your time at Durham College is successful by getting the information you need as an international student. Information provided includes:

- Getting your health insurance card.
- Setting up a bank account.
- Working in Canada.
- Assistance in finding local housing.
- How cell phones work in Canada.
- How to be successful at Durham College.

Meet the team from the International Education office and fellow international students while getting to know the college campuses.

In addition, be sure to attend the college-wide orientation where you will:

- Meet your professors and classmates.
- Find out more detailed information about your program.
- Meet the student services team and discover a number of on-campus services.
- Enjoy the many fun activities on campus like the Campus Cup pep-rally, movies on the lawn, the welcome BBQ, and the Fun Fair.

HOUSING

 **APPLY ONLINE AT WWW.DURHAMREZ.CA**

So you've made the decision to study at Durham College and now you need to choose where to live. There are a number of on- and off-campus options for students to suit a range of budgets and lifestyles.

YOUR LIVING ARRANGEMENTS

Housing is guaranteed in the Simcoe or South Village residences at the Oshawa campus if you meet the deadlines for accepting your offer of admission and applying to residence.

ON-CAMPUS HOUSING

On-campus housing is more than just a place to live. Residence provides the opportunity to build friendships and experience life on campus. Fully-furnished student housing is available, offering everything you need to have a memorable and fun college experience.

South Village residence

The South Village residence features a cafeteria, study and recreation areas and furnished, two-bedroom private suites.

Suites include cable television, a kitchenette with fridge and microwave, internet access, telephone and three-piece bathroom.

Simcoe Village residence

The Simcoe Village residence offers a choice between furnished double rooms that are semi-divided for privacy or furnished suites with two private bedrooms.

West Village residence

We also offer the West Village residence, featuring beautiful, apartment-style suites designed for students in their upper years of study. This residence offers controlled access, on-site management, security, on-site laundry, individually controlled air conditioning/heating and many social areas. Three- and six-bedroom units are available and both include appliances, parking, networked internet and large bedrooms with spacious closets.

www.londonprop.com/Oshawa-Home

Whitby campus residence

The Whitby campus residence includes on-site laundry, two common kitchen spaces, and a lounge space with a resident advisor on-site to provide assistance to students. Housekeeping services are provided periodically and students have access to maintenance. Each room includes wired and wireless internet connection.

OFF-CAMPUS HOUSING

If you would prefer to live off-campus, there are several options available, including off-campus residences, shared housing accommodation and home-stays. A pre-departure email will be sent to you after you have paid your tuition fees outlining how to arrange for off-campus housing.

To learn more about off-campus housing options visit www.durhamcollege.ca/international/housing.

HOME-STAY

Stay with a Canadian family while you pursue your studies in Canada and add a valuable dimension to your Canadian education experience. When you choose home-stay with CHN you become a member of the family you live with and part of the community you live in. For more information about home-stays visit www.canadahomestaynetwork.ca/for-students.

On-campus housing is more than just a place to live. Residence provides the opportunity to build friendships and experience life on campus.

Fully-furnished student housing is available, offering everything you need to have a memorable and fun college experience. With a variety of options to choose from as your home away from home, DC is a great place to live and learn!

DURHAM COLLEGE PATHWAY PROGRAMS

HOW TO APPLY

Apply to a Durham College – Ontario Tech University academic pathway program with just one application.

STEP 1: Apply to Durham College at www.durhamcollege.ca/intapp

STEP 2: Select your Ontario Tech University program

STEP 3: Pay your fee and submit your application

WHAT HAPPENS NEXT ?

STEP 4: RECEIVE ACCEPTANCE FROM DURHAM COLLEGE

STEP 5: Start classes

STEP 6: Graduate from Durham College

STEP 7: Confirm your offer to Ontario Tech University

 **START CLASSES AT ONTARIO TECH UNIVERSITY**

In addition, if you are interested in studying elsewhere, Canada or abroad, Durham College offers several other academic pathways. To learn more about established Durham College agreements for your programs, please visit www.durhamcollege.ca/transferguide.

Other Canadian university partners include:

Durham College students can also transfer to the University of Toronto, University of Ottawa, University of Waterloo, Queen's University, Ryerson University and others.

HOW TO APPLY

SUBMIT YOUR APPLICATION

In preparation of submitting your application, the following information and documents will be required:

- High school (secondary school) transcript.
- High school (secondary school) diploma.
- Post-secondary (college or university) transcript – if applicable.
- Post-secondary (college or university) degree – if applicable.
- Proof of English Language Proficiency (if required).
- Passport.
- Application fee of \$100 CAD (non-refundable).

All documents are to be scanned and uploaded as part of the online application. It is important to save each document as a separate document (PDF or JPEG documents only; PDF preferred). If the document is several pages in length (university transcripts for example), save as a multi-page PDF when possible.

Go to www.durhamcollege.ca/intapp to submit your application.

APPLICATION FEE

Payment of the \$100 CAD non-refundable application fee can be paid by credit card, Flywire or Western Union Business Solutions.

CHECK YOUR APPLICATION STATUS

Within five business days of submitting your application, you will receive login information to your self-serve application portal. This portal can be accessed at www.durhamcollege.ca/mycampus. On this portal, you can:

- View the status of your application to Durham College.
- Upload any documents which are still required.
- See a record of any admission letters and important email correspondence from Durham College International Admissions.
- Confirm your attendance at Durham College if you have received a Letter of Acceptance.
- Pay your tuition fee indicated in Box 25 on your Letter of Acceptance. Pay by Flywire, credit card or Western Union Business Solutions.
- View and print your official Durham College fee receipt once tuition fees are paid.

ACCEPT YOUR OFFER

If your application is successful, your Letter of Acceptance will be available to view and print from your self-serve application portal.

- Accept your offer by confirming through your portal.
- Pay your tuition fee, indicated on your Letter of Acceptance on page 2 in box 25, by the deadline date.
- Durham College will issue an official fee receipt once the confirmation and fee payment has been received. This fee receipt should be included with your study permit application.

PREPARE TO TRAVEL

In order to study at Durham College, international students will need to obtain a Canadian study permit, and in some cases, a temporary resident visa.

Apply for the necessary documentation from Immigration, Refugees and Citizenship Canada (IRCC) and notify us at visastatus@durhamcollege.ca once you have received your study permit confirmation.

Check your email for important information to prepare yourself for travel to Canada to begin your studies including:

- Important dates for new international students including the compulsory International Student Orientation.
- How to register for your timetable.
- Arrival services information (e.g. how to book airport pickup, temporary and long-term accommodation options, etc.).
- What to pack and bring with you to Canada.

TOGETHER, WE'RE LEADING THE WAY.
